### **Adorno And Heidegger Philosophical Questions**

Adorno and Heidegger explores the conflictual history of two important traditions of twentieth-century European thought: the critical theory of Theodor W. Adorno and the ontology of Martin Heidegger. As is well known, there has been little productive engagement between these two schools of thought, in large measure due to Adorno's sustained and unanswered critique of Heidegger.

Adorno asserts, —The concept of critique, as far as I can see, has no place in Heidegger's philosophy.||4 Of course, the main obstacle to communication between Heidegger and Adorno was not philosophical, but political.5 Infamously, Heidegger was a member of the National Socialist Party until its dissolution.

## **Elective Affinities: Heidegger and Adorno**

I argue that only by understanding Adorno's negative dialectic as a revised version of epistemology (namely a dialectical epistemology, committed to subject-object and transcendental argument) can we make sense of, first, the profound differences between Adorno and Heidegger on the question of epistemology and, second, the philosophical ...
