### Ap Stats Multiple Choice Answers

A mathematics competition uses the following scoring procedure to discourage students from guessing (choosing an answer randomly) on the multiple-choice questions. For each correct response, the score is 7. For each question left unanswered, the score is 2. For each incorrect response, the score is 0.

### Statistics Practice Exam - College Board

The math department at the University of Delaware has created a high-quality (and free!) AP Statistics practice test. It has 40 multiple-choice and 5 free-response questions. The questions are good; however, the links to the answer keys no longer work. For multiple-choice, click "score summaries" to see what the correct answers are. There's no way to see the free-response answers, but you already have a lot of official FRQ to use instead.

### Every AP Statistics Practice Test Available: Free and Official

For example, say you got 30 questions correct on the multiple-choice section, 13 points on questions 1-5, and 2 points on question 6. Your score would be  $(30 \times 1.25) + (13 \times 1.875) + (2 \times 3.125) = 68.125$  which rounds to 68 points. By looking at the chart below, you can see that'd get you a 4 on the AP Statistics exam.
