About Our Organization. Issued annually since 2006, the Arctic Report Card is a timely and peer-reviewed source for clear, reliable and concise environmental information on the current state of different components of the Arctic environmental system relative to historical records.

Authors and Affiliations - Arctic Program

For example, here you will find articles on the problems with our industrialized food system, biodiversity loss and ecosystem degradation, pollutants beyond greenhouse gases, water scarcity, and even the nuclear war threat. Any assessment of our future prospects must also take these issues into account.

The Grumman F6F Hellcat is an American carrier-based fighter aircraft of World War II. Designed to replace the earlier F4F Wildcat and to counter the Japanese Mitsubishi A6M Zero, it was the United States Navy's dominant fighter in the second half of the Pacific War, outdueling the faster Vought F4U Corsair, which had problems with carrier landings. ...
