Archaeology 8th Edition

Retaining its position as the most authoritative introduction to archaeology, written by renowned archaeologists Colin Renfrew and Paul Bahn, this Eighth Edition of *Archaeology: Theories, Methods, and Practice* is even more engaging, with greater coverage of indigenous archaeology and pioneering women in the discipline. Also new to this edition is InQuizitive for Archaeology, an easy-to-use adaptive learning tool that helps students master key concepts and come to class better prepared.

Committed to the scientific investigation of human antiquity, *Frauds, Myths, and Mysteries: Science and Pseudoscience in Archaeology* uses interesting archaeological hoaxes, myths, and mysteries to show how we can use science to learn things about the past. By placing wildly inaccurate claims within the context of the scientific method, this indispensable supplementary text demonstrates how science approaches questions about human antiquity and, in doing so, shows where pseudoscience falls short.

Frauds, Myths, and Mysteries: Science and Pseudoscience in ...

Since its first edition, Renfrew and Bahn's *Archaeology: Theories, Methods, and Practice* has been the leading educational source on what archaeologists do and how they do it. The text is organized around the key questions that archaeologists ask about the past and details the practical and theoretical ways in which answers to those questions are sought.
