“plays a formative role in the constitution of social life, in the ways in which people take responsibility for creating their own histories, for participating in the management of their own social and political realities.” 1 This role can be analyzed from an art theoretical and art historical point of view, but also from the point of view of political science. Art can be understood as a form of, or contribution to, political ...

Politics and Art - Oxford Handbooks

The nature and evolution of empire Empire has been a characteristic form of political organization since early antiquity and predates colonial rule by several centuries. The notion of empire also has outlasted the era of colonialism. Nonetheless, the colonial legacy still haunts former colonial empires and their erstwhile colonies.

The Egyptian political system valued these tactics above brute force because they were able to win their battles without ever fighting. By remorselessly crushing rebellions, the pharaohs were able to intimidate their own people, preventing rebellions before they began (Pritchard 257). This fear was not only a tool for inside the empire.

Politics | Egyptian New Kingdom

The Aztec Empire was powerful, wealthy and rich in culture, architecture and the arts. The Spanish entered the scene in 1519 when Hernan Cortes landed an exploratory vessel on the coast. Cortes was first welcomed by Montezuma II, but Cortes soon took the emperor and his advisors hostage.
