DoALL provides manual, semi-automatic and automatic metalworking band saws. A manual or gravity saw requires an operator to manually feed the material, lift the saw head and close the vise, With a semi-automatic saw, a hydraulic or pneumatic vise raises the saw head, but an operator needs to feed material.

### Sawing Machines, Band Saws, and More - DoAll Sawing Products

For over 55 years HE&M Saw has been the leader in new band saw technology, setting the standard with more patented innovations than any other band saw manufacturer in the world. For more information or a visit from one of our local representatives, call us today Toll Free @ 888.729.7787.

### | The Saw That Cuts Straight

Manually operated vertical metal-cutting band saws have a table that supports the workpiece while the operator pushes the workpiece through the blade to make the cut. Vertical metal-cutting band saws cut material as it is pushed past the blade while the band saw head remains stationary.
