Body And Nation The Global

Body and Nation interrogates the connections among the body, the nation, and the world in twentieth-century U.S. history. The idea that bodies and bodily characteristics are heavily freighted with values that are often linked to political and social spheres remains underdeveloped in the histories of America's relations with the rest of the world.

A Global Body. Updated: Apr 1, 2019. The call of God goes beyond borders, nations, and continents. It is the destiny planned for all those who love Him, regardless of nationality or creed. But it's easy to forget that when we are only exposed to one small part of the body of Christ. Regardless of our personal calling, expeditions are an incredible way for anyone to experience the hand of God across the globe.
