boyar schultz surface grinder parts for sale | eBay

I have a really old BS 6 x 12 surface grinder - I'm guessing about 50 years old. The motor on this belt drive unit was replaced with an Atlas Craftsman 110v - it runs fine. I'm curious as to your comment about the special GE motor. Maybe I just got lucky - guess I did as I only paid \$75 for the grinder. Regards, Tom]Originally posted by Rustybolt:
