Buy Versus Lease: What You Need to Know

For business owners who need certain equipment like computers, machinery, or vehicles to operate, there is a lot to consider. Beyond simply weighing the overall costs of buying or leasing a piece of equipment, you also need to consider maintenance, tax deductions, flexibility and more.

Pros and Cons of Leasing vs. Buying Equipment | QuickBooks

Buying equipment is easy--you decide what you need, then go out and buy it. Taking out a lease, however, involves at least some paperwork, as leasing companies often ask for detailed, updated ...

business - Should You Lease or Buy Your Tech Equipment?

Most auto leases provide the leasing customer with the option to buy their car at the end of the lease, or buy prior to the end of the lease. This is called a “lease buyout.” To buy out your lease at lease-end simply means you purchase your vehicle from the lease company – either with cash or a loan — for the guaranteed purchase option ...
