Aim: The aim of this pilot evaluation was to assess whether changing a nursing shift pattern to incorporate 12-hour shifts would have positive effects for patients and staff in a ward environment. Method: All nurses, night sisters and therapists in contact with the ward during the trial were asked to complete a questionnaire. Data on sickness, agency use, 'untoward incidents' and spread of ...

"Challenging the Myth of Black Inferiority" offers an insightful deconstruction of how we have unconsciously internalised a black inferiority complex stemming from the transatlantic slave trade. Whilst I appreciate that this book was written about African Americans there are many points relevant to myself, a Black British woman.

The frontier myth or myth of the West is one of the influential myths in American culture. The frontier is the concept of a place that exists at the edge of a civilization, particularly during a period of expansion. The American frontier occurred throughout the 17th to 20th centuries as European Americans colonized and expanded across North America. . This period of time became romanticized ...
