Sound and Music - Home. Our vision is to create a world where new music and sound prospers, transforming lives, challenging expectations and celebrating the work of its creators. At Sound and Music we support a diverse range of talented composers to develop their work; we help audiences to discover and experience new music; and we enable children and young people to explore their musical creativity.

### Sound and Music - Home

Csound works in more or less the same way, only its object code is a stream of numbers representing audio. In order for us to hear that audio we must play it back through a Digital to Analogue Converter. The DAC converts each of the sequenced numbers to a voltage that causes our speakers to move and vibrate, thus creating sound. Csound Editors
