Of Mental Illness Really Any  
Doctoring the Mind by Richard P Bentall  
is a book of big words and lots of them. Although a densely packed book it full of insight. Benthall is a research psychologist and goes through the history of psychiatric treatments in relation to psychotic illnesses, such as bipolar and schizophrenia, although he does touch upon depression.

## **Doctoring the Mind: Is Our Current Treatment of Mental ...**

Toward the end of the twentieth century, the solution to mental illness seemed to be found. It lay in biological solutions, focusing on mental illness as a problem of the brain, to be managed or improved through drugs. We entered the "Prozac Age" and believed we had moved far beyond the time of frontal lobotomies to an age of good and successful mental healthcare.
