Edward Ii The Unconventional King

Edward II had some rather alarming aspects to his personality. He had the notorious Plantagenet temper coupled with a severe stubborn streak. Add to that his utter infatuation with his 'favourites', notably Piers Gaveston and Hugh Despenser the Younger, and his inability to moderate his own behaviour, thereby creating the very situation he most hopes to avoid, and you have a recipe for a disastrous reign.

Edward II is an unusual biography of a medieval monarch in that it sticks to the facts. Warner does not bother with impressing on the reader what the king 'must have been feeling or thinking', although there's a bit of this towards the end. Instead she lays out his itinerary as he travelled across the country.

Edward II (ruled 1307-1327) was the first English king to be deposed, and it has often been accepted that he was murdered soon after by having a scalding hot poker forced up his anus. Warner shows that there is no contemporary evidence for this, showing that all the accounts that say it happened were written many years after the fact by people who weren't even living at the time.
