Many studies consider occupational segregation among the immigrant population from a given birth country as a whole. This ignores potential ethnic heterogeneity within an immigrant population and may underestimate occupational segregation. We focus on Russian immigrants in the early twentieth century USA—then a major immigrant population with a high degree of ethnic diversity, including ...

Immigration is a topic that is as important among anthropologists as it is the general public. Almost every culture has experienced adaptation and assimilation when immigrating to a new country and culture; usually leaving for what is perceived as a "better life". Not only does this diaspora change the country of adoption, but also the country of origin.

Encyclopedia of Diasporas: Immigrant and Refugee Cultures ...

Building on previous research on critical consciousness and civic development among youth, the current study examined the extent to which an open climate for discussion—one in which controversial issues are openly discussed with respect for all opinions—relates to youth's critical consciousness and whether this association differs for youth from racial/ethnic majority versus minority ...

Teaching Citizens: The Role of Open Classroom ... - Springer

Whether as a consequence of colonialism or more recent international migration, ethnic diversity has become a prominent feature of many contemporary democracies. Given the importance of ethnicity in structuring people's identities, scholars have sought to incorporate ethnicity in their models of people's political behavior. Studies focusing on individual support for group interests among ...
