Being effective in this profession does take a certain amount of skill beyond being a good listener. Asking the right types of questions to a client for them to have a personal insight into their own growth is the overall goal. Having a framework for those types of questions is incredibly helpful in the field.

What is the GROW Coaching Model? (incl. Questions + Examples)

As a teacher, setting personal goals can help you stay focused and motivated. They can also help you develop your sense of self as a teacher. In general, it is good to set both big, long-term goals and small, short-term goals. You can also set goals around things you would like to learn.

Tips for New Teachers: Setting Personal Goals

Expand professional knowledge and training. Learning never stops, even after you've earned your degree. As a working professional, there are many ways to expand your knowledge, such as enrolling in various courses, attending workshops and training programs, getting certificates, and a lot more.

Examples of Professional Goals | Examples

As with any good writing, craft your goal or objective in an active, rather than passive, voice. Use an action verb near the beginning of the sentence, and ensure that your goal is stated in terms you can actually attain. As you achieve each goal, you will be capable of more, and in that way, grow.
