systems are essential, especially for LGBT persons who might be at greater risk of social isolation. Each person has a different experience and subsequent propensity for isolation. For many LGBT elders, social inclusion continues to be aspirational, with limited authentic and sustained progress having been made in this area.

Isolation, Socialization, Recreation, and Inclusion of ...

The health of LGBT older adults was mostly ignored until more recently (1). In the present article, “older adults” are defined as individuals over 50 years old, since this is the age cutoff that is utilized in most literature. LGBT older adults are at risk for significant mental and physical health disparities.

Special Considerations in the Mental Health Evaluation of ...
