LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Journey To The Center Of

A Journey to the Center of the Earth has adventure, whimsy and moments of awe with unexpected twists. The characters are at the mercy of the caprices of the nether regions. At times you feel as if the characters are journeying through unpopulated Dantesque landscapes, other times through the richness of primordial and unspoiled prehistoric settings.
