Jules Verne does a pretty good job of having creating interesting stories that are compelling but bogs them down in details about the geography or flora and fauna. I realize these stories were meant to teach about different climates and geographies and all that but at the same time it made them harder to read.

Works of Jules Verne : Twenty Thousand Leagues Under the ...

Verne's father, intending that Jules follow in his footsteps as an attorney, sent him to Paris to study law. But the young Verne fell in love with literature, especially theatre. He wrote several plays, worked as secretary of the Théâtre Lyrique (1852–54), and published short stories and scientific
