If storm door hardware interferes with your primary door hardware, you may shift the storm door handle up or down, or install storm door with hinge on opposite side. Verify house door trim is securely attached and square. 1b 1-in wide x 1-in deep mounting surface is required. Hinge-side shimming may be required to fit existing opening. Use an

Installation Instructions Scan with mobile device to see a ...

Larson Manufacturing is one of the largest manufacturers of storm doors in the U.S. It specializes in a heavy duty door that typically requires little maintenance. If you want to replace the handle on your Larson door, order a replacement handle directly from Larson. Its hole pattern is very specific and other handles will fit poorly.
