Living With Herds Human Animal

After living with Mongolian herding families, Dr. Fijn has observed through firsthand experience both sides of the human-animal relationship. Examining their reciprocal social behavior and communication with one another, she demonstrates how herd animals influence Mongolian herders' lives and how the animals themselves are active partners in the domestication process.

Living with Herds: Human-Animal Co-existence in Mongolia ...

In Living with Herds, Natasha Fijn examines the process of animal domestication in a study that blends biological and social anthropology, ethology and ethnography. She examines the social behaviour of humans and animals in a contemporary Mongolian herding society. After living with Mongolian herding families, Dr Fijn has observed through firsthand experience both sides of the human-animal relationship.
