Maintaining that they were "falsely linked" to pediatric care guidelines, two Texas pediatricians are suing the consulting and actuarial firm Milliman & Robertson -- the publisher of guidelines used by insurance companies to help determine the length of hospital stays and whether to pay for treatments. The Houston Chronicle reports that the lawsuit, which might be the first to "directly attack the credibility of such guidelines," contends that the guidelines have "no basis in sound medical ...

CARE GUIDELINES: Doctors Sue Milliman & Robertson ...

The guidelines currently address ambulatory care, inpatient and surgical care, general recovery care, home care, and recovery facility care, as well as behavioral health care, chronic care, and patient information.

What Are Milliman Criteria Guidelines?

These guidelines cover many types of care, including ambulatory care, neonatal intensive care, inpatient rehabilitation care and home care, reports MCG. The guidelines include information about the level of care, the amount of patient activity and the appropriate interventions necessary for each day a patient stays in a hospital. There are also guidelines useful for situations in which a patient has an extended stay in a hospital or develops a complication or exacerbation of a condition.
