Purolator: Oil Filter Selection Guide

On the outside, the oil filter looks like a metal can with a sealing gasket on top to hold the filter flush to the engine's mating surface. Oil is taken from the engine to pass through the filter media. The media is the part inside the filter which looks like paper. In fact, media were traditionally made of paper and often still are, although ...

Ford Ranger Oil Filter - Best Oil Filter Parts for Ford Ranger

Fram Tough Guard TG8A . Even with all the problems of the other Fram filters, this one is not too bad. Aside from the filter cartridge, it is a very good design. Too bad Fram can't get passed the cardboard end caps. It has an improved filter element with more surface area (248 sqin), a heavy silicone anti-drainback valve with a good sealing surface, the same plastic pressure relief valve but
