Contents

Production of the R31 ended in 1990 with the introduction of the next model the U12 Pintara. This model was a rebadged version on the U12 Bluebird. The model eventually came to an end when Nissan Australia closed its production plant and switched to a full import line up of vechiles. The model that replaced the Pintara was the U13 Bluebird

The Nissan Bluebird is a compact car with a model name introduced in 1957. It has been Nissan's most internationally recognized sedan, in multiple body styles, and is known for its dependability and durability. The Bluebird originated from Nissan's first vehicles, dating to the early 1900s, and its traditional competitor became the Toyota Corona.The Bluebird was positioned to compete with the ...
