Oxford Ib Economics Study

Oxford IB Diploma Programme: IB Economics Online Course Book. Discover clear, accessible support for the new Economics syllabus, for first teaching September 2020. Jocelyn Blink and Ian Dorton

IB Diploma Programme : Secondary: Oxford University Press

Economics is the study of how consumers, firms and governments make decisions that together determine how resources are allocated. An appreciation of economics and the general workings of the economy have become increasingly necessary to understand government policy-making, the conduct of businesses, and the enormous changes in economic systems which are occurring throughout the world.

IB STUDY - ibeconomics

Oxford Study Courses has been supporting students at every step of their IB Diploma Programme for the past thirty years, working with experienced teachers renowned within the International Baccalaureate community. Our students not only gain knowledge to build towards academic success, they also gain independent thinking, the ability to collaborate and communicate with peers from different cultural backgrounds, and acquire leadership skills that are required by an increasingly complex world.

Oxford Study Courses - World Leading Educational Experiences

Within microeconomics, you will study the concepts of demand and supply, elasticities, government intervention and market failure. In addition to this, HL students study theory of the firm. This is my favourite part of the course as it takes a broader view of the economy from a national perspective.
