Possession: Cognitive Sources, Forces and ...
Possession, in the context of linguistics, is an asymmetric relationship between two constituents, the referent of one of which (the possessor) in some sense possesses (owns, has as a part, rules over, etc.) the referent of the other (the possessed).. Possession may be marked in many ways, such as simple juxtaposition of nouns, possessive case, possessed case, construct state (as in Arabic ...

Possession (linguistics) - Wikipedia
In linguistics, inalienable possession (abbreviated INAL) is a type of possession in which a noun is obligatorily possessed by its possessor. Nouns or nominal affixes in an inalienable possession relationship cannot exist independently or be "alienated" from their possessor. Inalienable nouns include body parts (such as leg, which is necessarily "someone's leg", even if severed from the body ...

Inalienable possession - Wikipedia
Bernd Heine (born May 25, 1939) is a German linguist and specialist in African studies.. From 1978 to 2004 Heine held the chair for African Studies at the University of Cologne, Germany.His main focal points in research and teaching are African linguistics, language sociology, grammaticalization theory and language contact.The grammaticalisation theory, which deals with the changes in grammar ...
