Books

Peter Gray (born 1946) is an American researcher and scholar who is a research professor of psychology at Boston College. He is the author of a widely used introductory psychology textbook, now in its eighth edition (joined by coauthor David Bjorklund beginning with the 7th edition). The book broke new ground when the first edition was published (in 1991) as the first general introductory psychology textbook that brought a Darwinian perspective to the entire field.

Peter Gray (psychologist) - Wikipedia

Peter Gray's Psychology has become a favorite of instructors with its exploration of psychology's major theories, and the evidence that supports and refutes these theories. Each edition incorporates an exceptional amount of contemporary research, encouraging students to probe for the purposes and biological origins of behavior--the "whys" and "hows" of human
