The Puffin is a revised and expanded second edition of Poyser's 1984 title on these endearing birds, widely considered to be a Poyser classic. It includes sections on their affinities, nesting and incubation, movements, foraging ecology, survivorship, predation, and research methodology; particular attention is paid to conservation, with the ...

Atlantic Puffin: The most familiar of the puffins, the Atlantic puffin or "parrot of the sea" breeds along the rocky coasts of New England, Canada, Greenland, Scandinavia, and Russia. In winter, these birds stretch their range as far south as the Iberian Peninsula and northern Africa into the Mediterranean Sea and in North America may be seen as far south as off the coast of Virginia or North ...
