They say things like, "That's not a pattern..." because you can't have two of the same colour next to each other" (Papic et al, 2011). Copying patterns is important, according to Papic et al (2011), who suggest that the subsequent conversation between teacher and child, comparing their construction with the original pattern, is crucial to developing pattern awareness.

Developing Pattern Awareness with Young Children

Shape Patterns is a sequencing game where you need to complete the pattern of different coloured 2D shapes. It is a multiple choice game with three levels of difficulty. It is excellent for shape recognition and for problem solving.
