Steam Powered Lesbian Steampunk Stories

An interesting anthology. If a little uneven. Some stories are five stars worth, others one or two. Some the effects of a changing steampunk society on lesbian relationship were explored, others the lesbian relationship seemed tokenistic, a chance to get a story in a more unusual book.

Silver Goggles: Reading List: Primary Works

Most steampunk novels take place back when steam power was the most advanced source of energy. However, don't just assume that if the story isn't set in Victorian England, the novel isn't worth your time. More and more steampunk books are now set in more modern periods and different countries.

10 Best Steampunk Novels 2020 | Book Consumers

Steampunk is a sub-genre of science fiction, alternate history, and speculative fiction that came into prominence during the late 1980's and early 1990's. Specifically, steampunk involves an era or world where steam power is still widely used, typically the Victorian Era and the Edwardian Era, that incorporates prominent elements of science fiction and fantasy. A modicum of fantasy is ...
