have created this guide because I have seen so many mistakes made by people who just want to build a simple, effective birdhouse that the birds will be attracted to and use year after year. I have been building birdhouses for over 25 years and I wanted to make an easy to use guide that would lead you step by step through

Health Guide: What is a Swallowed Object? Young children and, sometimes, older children and adults may swallow toys, coins, safety pins, buttons, bones, wood, glass, magnets, batteries or other foreign objects. These objects often pass all the way through the digestive tract in 24 to 48 hours and cause no harm.
