From the vogue for nubile models to the explosion in the juvenile crime rate, this modern classic of social history and media traces the precipitous decline of childhood in America today—and the corresponding threat to the notion of adulthood.

### The Disappearance of Childhood by Neil Postman ...

In this book, Neil Postman argues that (a) childhood is a social construct, not a biological fact and (b) childhood is disappearing because of television and modernity in general. The former is debatable but defensible (his exclusive focus on Europe/America leaves significant holes in his argument), but the latter is just ridiculous.
