The politics of belonging are characterized by recurring debates over questions such as – who belongs where; who decides who belongs where; on what basis is this belonging determined; who is considered to be in place or out of place; and who is authorized to represent place and community.

The Politics of Belonging - geography.name

political agenda than the one currently on offer. We call this “the politics of belonging”. It is ambitious but mainstream and moderate, and is based as much on ideas of security, community and togetherness as ideas of more freedom, autonomy and choice. In the last decade, people overwhelmingly think Britain’s hyper-liberalised

The politics of belonging

This is a timely and important book which addresses key contemporary issues around the themes of belonging and the politics of belonging... The Politics of Belonging is an ambitious and pertinent book which sets out to equip sociologists, political scientists and others with the tools to analyse complex contemporary debates in this field. Applied in specific contexts, this book is another potential classic, and may well emerge as the definitive text on the politics of belonging.

The Politics of Belonging | SAGE Publications Ltd

Multiple religious belonging, also known as double belonging, refers to the idea that individuals can belong to more than one religious tradition. While this is often seen as a common reality in regions such as Asia with its many religions, religious scholars have begun to discuss multiple religion belonging with respect to religious traditions such as Judaism, Christianity, and Islam.

Multiple religious belonging - Wikipedia

An analytical differentiation between belonging and the politics of belonging is, therefore, crucial for any critical political discourse on nationalism, racism or other contemporary politics of ...

Belonging and the Politics of Belonging | Request PDF

The analysis follows the individual migrants’ politics of the self, studied against the backdrop of collective dynamics, i.e. combining interpersonal with collective dimensions. From the personal point of view, the superdiversity of contemporary societies renders belonging a complex, often contested and always a self-reflexive condition.
