Some of your search results may also be related works with the same title.

### The Science Of Being Great

Chapter 1 Any Person May Become Great THERE is a Principle of Power in every person. By the intelligent use and direction of this principle, man can develop his own mental faculties. Man has an inherent power by which he may grow in whatsoever direction he pleases, and there does not appear to be any limit to the possibilities of his growth.

### The Science of Being Great by Wallace D. Wattles

The Science of Being Great is a spiritual journey to self-actualization. It is a clear, meta-cognitive exploration into how our thoughts, visual impressions, and view of the world shape what we experience in life. This book is a giant within the self-help/personal development genre.
