All About Snakes for Kids: Learn about Snakes for Children ...

The typical breeding season for this snake is from May to late June. During this time, male snakes search for females and will fight one another for the right to mate with a female. A female will lay between six and two dozen eggs, usually in late July. The eggs may take between five and seven weeks to develop and hatch.

Join, or Die. is a political cartoon attributed to Benjamin Franklin. The original publication by the Pennsylvania Gazette on May 9, 1754, is the earliest known pictorial representation of colonial union produced by an American colonist in Colonial America. It is a woodcut showing a snake cut into eighths, with each segment labeled with the initials of one of the American colonies or regions.
