Song is a light-hearted look at a 6 year sailing adventure around the world between two love birds. The courage that Liza and the redhead had to even start this journey is inspiring. Liza's ability to capture and describe even the smallest moment pulls you in and makes you feel like you are on the boat with her.

Voyage of the Heart is quite a bit different than many other fictional books about the time period . . . this one is more about relationships, young women falling in love, marrying quickly due to the war, and

growing up and adjusting to life away from everything they knew . . . and to husbands who are not the same men as the ones they fell in love with during the war. . . a gentle, easy listen . . . very rewarding . . .
